

Community Service Project to Benefit

1st & 2nd Grade Faith Formation classes are collecting

New or Homemade blanket or Beanie style hat

to be given to the patients at Connecticut Children's Medical Center

The patients love the fleece tie blankets!

*****This project is co-sponsored by:***

Bianca is a 9 year old from Wethersfield who has been a patient at Connecticut Children's Medical Center since she was 3 weeks old. She wants to give back to the hospital that has helped to keep her flying. She has also been collecting hats and blankets for the patients to help keep them warm and brighten their time in the hospital.
